

RRND

Reigate & Redhill North Downs Motorcycle Club

Your Club needs You...

It's that time of year again when the RRND club hosts the ACU Star Group trial, this year the event is being run at Beare Gill (Ockley) and we desperately need more club members to volunteer as observers.

This is a great opportunity for anyone needing a rest from Christmas Shopping to get out into the country side for a day of free entertainment.

Never Observed before, not a problem, all the equipment and training you need will be provided on the day.

Currently we have only three observers for the ten sections that will be laid out at the event, so without more observers there is a risk that the event may have to be cancelled.

If you are able to support your club by volunteering to help out at this event, please register your availability by contacting Richard Coles or Pete Jenkins, contact details can be found on the web site.
