

Sunday 15th April - RRND Long Distance Trial.

Thank you to all the competitors who entered our long distance trial.
We have had some great feed back from you and also some very complimentary comments from a horse rider who encountered you on the day.
I know that a for a few riders this was their first event.

Hopefully you did not find it too daunting and will be spurred on to enter some other events during the year.
It is difficult to set a sensible level of section when faced with such a wide range of skills and types of bike.

I think we managed to set sensible sections that were still a challenge even to experienced riders.

That six riders finished with clean sheets is remarkable.

Our state of the art timing gear only recorded to the nearest second but this still means we are able to identify clear winners in each class.

The premier award goes to Chris Koch with no marks lost and a great special test time of 29 seconds.
